I was wondering if anyone could help me with John Drennen and Mary Naylor. My gr-gr-grandmother was their daughter Mary Susan Drennen who married James Henry Abbott. They had Lula Eva Abbott who is my great grandmother. I can't seem to find John's parents or Mary's parents. I have found on a few census records that Mary's mother Nancy was living with her after John's death, but I do not have any other information than that. I was hoping someone could point me in the right direction. Thank you for your time!
