Eli met Lucy when he was wounded during the war. He had taken his brother's place in the war and was 15 when he joined the Union Army.

My grandmother left diaries with the family information.

Look at my site at My Hertitage dot com.

I tried to put most of the information there. I moved to CT after my grandmother died and ironically moved about a mile from where her mother was born. Most of the Rogers and Spencer families are from New England so I have had access to a lot of records.

We are also part of "The Spencer" family family...we are the poor distant cousins of kings and queens.

What child are you decended from?
