am seeking information on William Beach (born about 1840) and wife Emma Eliza Scott (born out 1845), former residents of Roane County and parents of my great-grandfather, Marion Beach - b. 1870/d. 1935 (family was listed as "Buch" on some transcribed federal census records). Any information would be appreciated. I have a group photo with caption of "Beach family in WV" that appears to be around 1890 period and also photo of Marion Beach from about the same period that I would be willing to share. Thank you!
