Hello Dana,

Thank you for your interest in our Society. Please come to our next meeting, they are held on the basement floor of the Roane County Library. This is our off season, our next meeting is not until March. Our history room is open every day, just check in with the Library and they will let you in. All the information is for in-house use, but you will find it very useful. Do you or your husband have any ancestors from West Virginia. We have information from several counties of the State. See you at the next meeting.
