John W Lynch was my greatgrandfather. He turned over the Lynch homestead farm to his son, William Silas "Boge" Lynch (my maternal grandfather) in 1909, and then moved with his wife, Mary A (Looney) Lynch, to somewhere in/near Walton. The home farm was on Left Hand Hill, between Ambler Ridge and the future named Lynch Ridge ( headwaters of Rock Creek were on the farm). Where was the farm in/near Walton that John and Mary moved. He died there in January, 1912.
