Have you ever gone into this cemetery and wondered how everyone is related like I have? I would like to make contact with anyone who has relations buried here. Stories, pictures, etc. I would like to tie the ends together. I am not looking just for dates but I want to know the personalities, how they lived, were they lived in the community or abroad, stories behind marriages, births, or tragedies. Merle Smith King is my mom who is the daughter of Ethel and Kenneth Smith. Kenny is the son of Thomas and Deborah Smith and Tom is the son of William Y. Smith
