What records are available in Roane County (tax, land, estate, etc.) that would help break through the brick wall of validating my great grandfather's (William Elsworth Lee) death date?

I have not been able to locate a will for him.

I have three death dates:

3 Jul 1900 (from RCHS cemetery book Vol II, page 96);

1906 (found on his actual tombstone, I posted a picture of his tombstone on Find-A-Grave);

and 6 Jan 1918 (a WV death certificate for Wm Lee, state file no 10057, also it is listed as the second entry (unnumbered page) for 1918 deaths in Roane).
