Elizabeth Propst Sinnett b.1787 and d.1843. She was married to John Patrick Sinnett. They both died in the Walton area. I'm looking for her gravesite that is listed as being in Sinnett Cemetery #1 located on Trace Fork Rd. Years ago I searched this area with a former postal route driver that lived on this road but we could not find it. The 1940 record listed it as having one marker(Elizabeth's)and being on the S. A. Flesham farm but as far as I know his farm was not on this road. I could use some help locating this cemetery.We found a few cemeteries but not the right one. There was one shown on the topo map but we couldn't get to it as there was a locked gate at the entrance and was told the owners lived out of town.
