The full text of John House's books on Roane and Jackson Counties are available to read on my website: www.wvpioneers.com

The Wirt County marriage record book I have shows:

9/28/1848

Levi Tichnell

Maria Walker, d/o Joseph Rader

I would hope that if you got a copy from the courthouse, it would contain all the information, but I did have to return a few one time and ask that they add ALL data to it, because the new form had no place for some of the data that I knew was in the record.

Good luck!
